Access permissions for using the e-service

Representatives of economic operators need access permissions to use the service of platform information report (DAC7).

A separate access permission can be granted for using the service.

Access permission name and code	Allows the following
Submission of platform information report (DAC7) (code DAC7_CLIENT)	submit reports, view and edit information

This access permission can be used (including granted) only on behalf of a legal person and to a natural person.

This separate access permission is not included in the “Package for legal person's representative”.

Additional information

Granting and termination of access permissions
